

Make your field services fit  
for the future!

## ServiceWorkshop

Customers expect first-class service. We can help you deliver it quickly and efficiently!

### ✔ What it is all about

The ServiceWorkshop from audius is an unique service on the market to optimise your field services. We support you in making your service processes more effective and future-proof. The focus is on digitalisation, customer loyalty, reduction of costs, increase in customer satisfaction, increase in efficiency, integration in the organisation and in many other areas.

### ✔ How does the ServiceWorkshop work

In a 2-day workshop, specialised audius consultants work together with your experts to carry out an individual fit-gap analysis for audius.CRM Mobile Service. The standard process are being compared with your processes. In addition, we advise you on how the issues have been solved in other companies. We document the resulting gaps for you on a high-level.

### ✔ Result

A indicative price quotation is based on a first requirements document for the introduction of audius.CRM Mobile Service.

### ✔ Costs

On request.
